Beans

We control the crop from a large acreage in Michigan and Idaho, over which we exercise supervision of the growing and harvesting. Owing to unfavorable growing conditions in Idaho we harvested very short crops in that section and after delivery on contract orders have none to offer of the varieties marked SOLD OUT.

Garden Peas

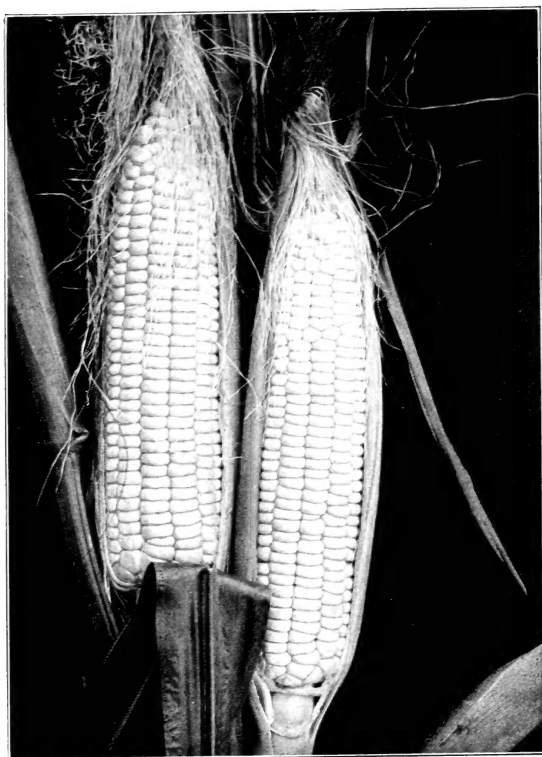

Peas are a "Barnard Specialty"—Our stocks are Northern Grown under our own supervision. Careful attention is given to the crops to insure highest quality.

Stocks are limited this year on account of very short crop in Wisconsin and in the West where most of the Peas are grown. Our contract orders will take all of our own growing of some varieties.

BARNARD'S

Selected Vegetable Seeds

Every year we carefully revise our list of seeds, add a number of new sorts and discard all inferior varieties. Our selection will be found to contain everything really desirable and our stock of the highest possible quality.

NOTE—When varieties in this list are not priced it indicates that the crop has been a failure or the supply is very limited.
